The Elden Ring is an RPG that takes place in a land called the Lands Between, which has historically been inhabited by the relentless war of knights. Battle rages on in the upper world, but peace and tranquility lies in the Lands Between. One day a boy appeared, and he was named Tarnished. Little was known of Tarnished's background, and no one knew of his true purpose. However, one day Tarnished, accompanied by his faithful sword, descended into the Lands Between and declared the power of the Elden Ring. The story that followed is a powerful fantasy epic that tells of the origin of the Lands Between and their evolution into a land of peace.

The studio is best known for its Shadowrun game Monkey Island: Shadow of the Bear, the port of Cards Against Humanity, and the free game Journey to the West.

If you're not familiar with Harebrained Schemes' work, Monkey Island sets the stage for the eponymous adventures throughout various games in the franchise. Shadowrun Returns will be the first game in a series that began with Shadowrun, Ninja Gangsters, and Shadowrun: Red Storm Rising. The project is based on the Shadowrun pen-and-paper game, with an emphasis on single- and multiplayer gameplay.

The studio's Monkey Island games have a striking visual style. Shadowrun Returns will share its atmosphere and
