Scott Fitzgerald, holds many important cultural influences that has had a effect on our society today. Dare I say, much of the influence of this book could be seen as the strong influence of the roaring twenties. Much of the influence of the roaring twenties, is the great influx of modern style. The artistic expression of celebrities, the great artistic expression of nightclubs and dance halls and the legendary 1920's parties. The influence of musical expression of the 1920's: jazz. Much, if not all of F. Scott Fitzgerald's influence on the 1920's was the character of Jay Gatsby. In the novel, Gatsby's dream of success was not to reach the pinnacle of American society, but to

achieve a level of "American High Society" as seen in the novel: "Having the ultimate in his dreams, the supreme financial success, the complete and absolute solution of all problems" True to the novel, in the 1920's, there was a great wave of success that moved from the east coast of the United States to the west coast of the United States. In the novel, it is stated that the west coast had reached "American High Society" while the east coast was still American "middle class". The trend continues today: in the 1960's, in the west coast of the United States there was a great influx of rich and upper class people, who moved down to the east coast and spent their time partying in the newly established western states. In the 1970's, the rise of west coast hippies influenced the eastern
