second item from the Master Character Collection! Nagi and Haku: Master Training Pack! Yes, the second character from the Master Collection is Nagi, as always! From the popular anime series “My Hero Academia” comes a figure of Katsuki Bakugo dressed in his master type outfit! He is a high school student who spends his days trying to defeat the enemies who have spread all over the nation! He has great teamwork skills with his best friend, All Might. He also has many techniques that enhance the powers of All Might and the others in his group in order to protect the weak from people like Quirk users! He is filled with confidence during combat and always gets excited at the thought of protecting the weak! In addition, he has long dark hair, angular eyes, and a tuxedo! Be sure to add the ultimate hero to your collection! “It’s me! I’m not All Might!” This figure of Katsuki Bakugo dressed as the Master Level is an original design by two members of the “My Hero Academia” design team, SSG-02’s Ryota Watari and MA-15’s Mika Aoki! The armor from the figure’s chest to his arms, as well as his character shoes, are all convex, connecting them in a round design! The spikes on the armor are made by bending parts of the clothes into various shapes and giving them extra details, which give a wonderful texture. The belt accessories on his hips and waist look very relaxed! The highlight of the figure is the dazzling armor on his lower body parts! Add this figure to your collection! Next up is a figure of heroine Shoto Todoroki... From the anime series “My Hero Academia” comes a figure of the absolutely fiery Shoto Todoroki wearing her All Might Type outfit! The figure is based on Shoto Todoroki’s original illustration, depicting her heated in combat in her All Might Type! The tip of her hair is peeking out from the lower part

How best to ove all that bad news, did you think it would dissolve in the onade? I stacked two cups of water, four cups of tee, two cups of milk I added 15 tea bags from the first batch of zucchini tea I made. Voila! rred it all up so that I had lemonade and tea and water and milk. n I removed those evil garlicky cloves and took out the slices of on and the tea bags and the milk. It was finished as it is
