

RPG Maker MV - Time Fantasy Faces (Latest)

This pack is inspired by the fantasy world of Time Valkyrie, and to tell its true meaning, you can understand its main character using the romaji(rōmaji) in this pack. In the classic RPG Maker, you can add some wild animals around to enjoy your virtual adventure, but in this pack, we wanted to add some special animals. What does "Special animal" means? You know, there are special feelings that we can imagine in the virtual adventures after seeing those animals: - Game animal: That is the animal that exists in our world. Of course, because the story is set in a fantasy world, the existence of animals is different from ours, but what kind of animals are here? - Human-like animal: That is the animal similar to us, like the bear, wolf, dog, etc. - Nonhuman animal: That is the animal that not related to human, like the tiger, llama, etc. - Robot: That is the animal that existed in the golden age of the future like the movie "Terminator". - Artificial animal: That is the animal that is created by the intelligent robot. (For example, the dog or the bear of the game can be the animal artificially created by the artificial animal) In this pack, it is possible to add up to 3 different animal types in the same area. Add them where you want, enjoy the adventure! #04. Let's Play Time Fantasy Faces You can enjoy the story of Time Fantasy Faces in the romaji too! Useful Links: (Sorry for the cross-post) As a side note, I'm pretty sure your post is a one time spam/spoof? Jens Is there some sort of issue, I can't see the down vote at all and the person who did it has been logged off. I just don't get it at all. Why would that be considered spam or spoof? A: That's just not a helpful answer. There's nothing wrong with merely saying "This isn't really a request, just a criticism." But the answer is horrible and generic and doesn't help the OP, so it's deleted (as well as the other answers). Also, please don't cross-post your stuff to multiple SE sites. A: In this case, the answer was deleted on RPG Maker MV for not being constructive; but, answers which are deletions on one site should be considered spam on the other sites they were posted on. In the case of the question you linked (which was not posted here) it was a candidate for d41b202975
