Trauma, Fear, and Peacefulness Trauma, Fear, and Peacefulness is a book by R. D. Laing, published in 1960. It is an intense exploration of the effects of fear and aggression. Laing spent the early years of his life in the Stanislaus County Mental Hospital near Turlock, California. During these years he had to endure several times of being "assaulted". In the book he talks about how fear led him to "attempt to escape" from the hospital, as well as much of the rest of his life. He talks about his fear of being exposed and attacked, and of losing his mind. He compares fear to the aggression of an animal and his experiences during this time led him to create a theory of schizophrenia.

I need to make an HTA to run a method which uses a progress bar and buttons to prompt the user to enter more data. Then, when the user clicks the button, the data entered will be written to a text file. So far I have an HTA that opens a window from an HTA, and it works, but I can't get it to write to a file. Test function doSomething(){ var myWindow = window.open("", 'MyWindow', 'width=200, height=100');

Welcome to the IU International School! We are a small, unique, international school for students aged 3-18, who are studying in a school outside of the UK. We are located in the heart of Swansea City Centre, surrounded by excellent educational establishments (not to mention excellent social and cultural facilities), shops and restaurants. As a school we have a small number of pupils. But what distinguishes us from others is that we truly feel that we are the hub of a vibrant multi-cultural community. Our pupils are taught by a group of very caring and enthusiastic teachers. We have very active parents (and half-

time working grandparents) who ensure that the atmosphere of a school is created even when they are not present. We are passionate about our school and proud of our achievements and our international rep. We aim to provide a rich and stimulating curriculum for our students, whilst ensuring they gain a wide knowledge of the languages of the world. In our learning the outside world will be brought to our students. So on one side of the world, we will see a parallel world, of which we will learn. It will be interesting to our students, challenging to them and of course will prepare them for when they are in a more cosmopolitan world of university and of the future. Our unique Character and Values The International School on Kingsway is an eclectic, creative and very successful school located in the heart of Swansea City Centre. Our school, which is the only school in the UK to teach the International Baccalaureate (IB) Diploma, has been awarded with two 'Outstanding' (highest level) IB School Awards. Our Character and Values are at the heart of the school and we reflect this in the fact that we aim to be an active international school, which gives all of our pupils opportunities to gain an understanding of other cultures. Our Mission The International School on Kingsway's Mission Statement: We aim to provide a holistic education to pupils aged 3 to 18, from all over the world that prepares them for a world of opportunities beyond the classroom and a society filled with ever-changing demands. Our school teaches them values and behaviours, as well as a language and culture that allow them to pursue their own purpose. By becoming their authentic selves
