Guilds

- **Godzillas** - A Bestiary-inspired group of hard-core gamers who do battle in the etheric realm. They are obsessed with killing "aliens" and they love to create new Dungeons.

To join, participate in a craft ritual inside the Eldritch Moon section. Failure to complete the ritual will result in rejection, and failure to survive the ritual will result in death from the void...

- **Handlers** - A faction of fighters with mastered spirits who roam the land towards Baldemar. They hunt and slay evils and look for loot as they do.

To join, participate in a craft ritual. To defeat the evil that stalks the land and protect Baldemar.

For others: Read the Missions section of the Savage Worlds help for Moon at the Edge of Oblivion in the Savage Worlds Help File before running this mission. For game master: Use Moons at the Edge of Oblivion in combination with Moon at the Edge of Oblivion: The Lunar Setting as your campaign setting, or use it on it's own. The Moon at the Edge of Oblivion: The Lunar Setting came out in 2017, and can be found in Dungeon Magazine 7. Designed by Adam Wierzbicki Moon at the Edge of Oblivion is a Savage Tales mission, part of the Savage Tales series of missions. A copy of Savage Tales: Adventures in the Microcosm is optimal. Requires: An active subscription to Savage Tales: Adventures in the Microcosm. Reception In a review for Adventure Gamers, Casey Liss called Moon at the Edge of Oblivion "a bit beyond the normal boundaries" and "a creative and ambitious piece of adventure design." He said the moon's "essentially unique and odd environment" represented a challenge to players, since "your team will need to be able to navigate not only strange [environments] but also navigate strange ideas." However, he noted that player knowledge of things like "universal principles of space-time are sufficient to make the adventure work." Liss recommended the adventure to Savage Worlds players who "like their games crazy and are looking for something crazy and different." Moon at the Edge of Oblivion is a cinematic fiction roleplaying game, but it is designed to be played in a dice-less manner. It can be played using Savage Worlds like a Savage Moviegame, or it can be played as a stand alone roleplaying game using any standard Savage Worlds setting as the setting of the game. Moon at the Edge of Oblivion is designed to be played in a Cinematic Fiction manner as follows: Characters: Your character is a member of the DestinyCorp copilot crew, which is made up of a number of heroes sent on this voyage. Your character is not a heroic space captain, he or she is a member of the recovery crew, and there is a division between heroes and regular crew. Scenario: In order for you to get your character on the ship your character must be chosen by DestinyCorp as a suitable candidate for the current mission. Gear: You receive the gear of your character as presented in the Savage Worlds Adventure Edition book. The crew: The crew consists of a number of blue collar heroes, not considered quite heroes by DestinyCorp. Your character is one of these heroes. You are not an elite ship captain, you are an ordinary member of the crew. All crew members will know your character, they will only know that you are an ordinary crew member, but not that you are a hero. Game Mechanics: Moon at the Edge of Oblivion uses Savage Worlds mechanics as presented in the Savage World Adventure Edition book. The Role of Your Character: You play the role of a member of the DestinyCorp Recovery crew on the Dougherty. A Sample PC: This guide serves as a sample of how a character can be built for the Dougherty roleplaying game. You can play this sample character as the lead character in the game or you can use him as the player character for a Savage Moviegame. The sample character is a member of the Diesel crew. System Requirements: Moon at the Edge of Oblivion requires a Fantasy Grounds Full or Ultimate license. Fantasy Grounds Ultimate is recommended to play Moon at the Edge of Oblivion in a Cinematic Fiction manner. An active subscription to a Fantasy Grounds Full or Ultimate license is required to play Moon at the Edge of Oblivion in a Cinematic Fiction manner. You need a one time purchase of the Savage Worlds rule set. Any Savage Worlds setting can be used to create the setting of your Moon at the Edge of Oblivion game. If you are able to locate the Savage World setting you are using for your Savage Moviegame, Moon at

What's new:

FAQ Q: What is Fantasy Grounds and why should I buy it?

A: Fantasy Grounds is a 3D client, not a traditional game client. Fantasy grounds is designed to allow you to play and manage your games anywhere from your laptop, phone, or tablet. Q: Will my players' PCs work with Fantasy Grounds? A: Yes. Most PCs should work fine, with the notable exception of full-fat Windows PCs, which may run slower than some of the other platforms available. Q: How much does Fantasy Grounds cost? A: Fantasy Grounds can be run for a few dollars a month or \$60 a year, or you can buy an annual license with the "Out-of-Box" 3D client. Q: Why should I buy an annual license? A: Typically, it is more cost effective to purchase an annual license. Besides the 3D client being a valuable part of the ability to play your games, we will provide support for the client for a minimum of a one year period. Q: I'm a Mac user. Will I be able to use Fantasy Grounds? A: Yes. Many of our Features work best on Windows, but they work for the Mac as well. Q: I have a Windows PC. Will I be able to use Fantasy Grounds? A: No. If your PC is using Windows XP SP1 or newer, you will need the "Out-of-Box" 3D client installed before you launch from Fantasy Grounds. Q: Will my players have the Windows-only 3D client? A: Yes. When you purchase the Out-of-Box 3D client, it will install a Windows OS on your PC, so that all your players can connect and use the client. Q: Will I be able to manage my games from an Android or an iOS device? A: Yes. If your tablet or smartphone is running iOS, Android or Windows Mobile (formerly windows CE), you can manage your games from those mobile devices as well. Q: My tablet or phone doesn't have enough RAM to run the Out-of-Box client. What can I do? A: An alternative for you may be to use the Web Client. This is a remote client, which connects you to our servers via the Internet. It is way slower than your device client,
