Macrocyclic antibiotics are appealing as they possess features including stability, oral delivery, broad spectrum, and sub-inhibitory concentrations against multidrug-resistant bacteria. They also possess a unique feature in that the macrocyclic core is not associated with the antibacterial activity, which means that it should be possible to improve the activity or optimize the pharmacokinetics. In this article, the synthetic routes available for macrolactam ring construction and the pharmacokinetic and resistance properties of these molecules are discussed. Israeli Defence Minister Moshe Yaalon on Wednesday said he was certain that Yasser Arafat was behind last week's roadside car bombing which killed a top senior Hamas official in Israel. "Yes, it's absolutely clear to me that Arafat is behind this. It's another act in the continued show he is putting on," Yaalon told Army Radio. "We know he is up to something big," Yaalon said, asking whether Israel should escalate its confrontation with its Palestinian Arab neighbors. "Everything suggests he is preparing a big provocation," Yaalon said. "By attacking Israelis and terrorizing us, he is expressing his aversion to the peace process," he said. Last week, a bomb ripped through the Israeli traffic jams near the West Bank town of Beit Hanina, killing Palestinian Islamic Jihad leader Ziyad al-Nakhala. Yaalon's comments underscored growing fears among Israelis about
