---

interpreted or misused if communicated in an unencrypted format..The goal of the Pilot and Feasibility Program is to provide junior investigators with the funding necessary to conduct short-term projects that will aid the transition of the principal investigator from a mentored laboratory-based or clinical scientist to an independent investigator. Recent years have seen a dramatic shift in the makeup of the NIH and extramural research funding, in that the percentage of purely basic

---

research grants has decreased while the percentage of translational research has increased. Although there are certainly great benefits of being able to investigate the basic mechanisms that underlie disease processes, investigators that wish to translate their discoveries into the clinic must be prepared to initiate, develop and plan their own funding and the subsequent mentoring and training of students and postdoctoral fellows. Therefore, the goal of the P&F program at UAB is to identify junior faculty
