no There is nothing more beautiful than seeing a loved one bloom. "There is nothing more beautiful than seeing your family prosper,â€] says Edith. "I know it's very hard for me to see my marriage flourish. But I don't want it to disappear I've seen a lot of women say they don't want their relationship to disappear, but I've never seen it blossom. There are many happy moments in my life, but my current and ex-wife divide them into two parts. I have witnessed how people destroy everything they love. I know that if we are together, I will not be able to avoid it. I want my wife to be happy and I don't want her to suffer because she has everything she wants." "I don't want my wife to be unhappy because she deserves better. I know that my feelings for her will soon fade, and I don't want this to continue. She is a wonderful woman, but I know that she does not love me as much as I love her. I don't know how long this will go on, but I want you to know that I love her enough to be honest. I don't know when I will say it. I don't think I'll ever be sure. But be that as it may, I want to be honest with her before that happens. I want her to know that you can't judge me for how I feel when I say I love her more than anything. I understand, dd2bc28256
