Q: Finding the number of integer roots for  $x^2 - 10x + 17 = 0$  How do I go about finding the number of positive integer roots for this equation?  $x^2 - 10x + 17 = 0$  A: Check out Vieta's formulas. First, your question is equivalent to  $x(x-5)=0$ . The roots of this polynomial are  $5, x=5 \pm \sqrt{15}$ . These are all there are. (The formula for the number of positive roots is  $\frac{d+1}{2}$ , where  $d = \deg(p(x))$ .) While we've all been speculating for months now, and since the first details regarding the next-gen Xbox controller were detailed by Xbox head of product development Albert Penello a while back, we finally have something concrete to put our minds on. At the Game Developer Conference (GDC) today, Microsoft CVP of gaming Phil Spencer finally revealed the upcoming Xbox One controller, and it looks like it could be a big step forward for the Xbox brand. The new Xbox One controller is really impressive. For starters, it will be an "all-in-one" controller, meaning that it will be able to put both an Xbox One and PC in your home at the same time. In addition, it will have a wireless connection that will allow people to play games on all of their devices, and it will also come with a slimmer design than the current model. "With the new controller, we have created a new form factor that is even more compact," explained Spencer. The new controller is
